Mostafa Abdelghafar

Senior Market Research and Data Analyst
Cairo, Egypt | mostafaabdelghafar7@gmail.com | (+20) 101 938 8017 | linkedin.com/in/Mostafa-Abdelghafar

Summary

- Senior Market Research and Data Analyst with a BSc in Mathematics and Statistics and a Computer Science diploma. Experienced in transforming export, sales, customer, logistics, and ERP data into decision-ready insights using SQL, Python, Excel, and Power BI. Builds relational databases, automated reporting workflows, KPI dashboards, pricing analyses, market-entry assessments, and secure Odoo–Power BI solutions to support commercial and operational decisions.

Professional Experience

Senior Market Research Analyst | Royal Cement (Export Department)- *Cairo, Egypt* *August 2025 – Present*

Egyptian cement producer and exporter; role based within the Export Department.

- **Odoo–Power BI Integration:** Leading an end-to-end business intelligence integration from the ground up, using Power Query and data modeling to transform Odoo operational data into decision-ready dashboards, with Power BI Service publishing, app creation, and Row-Level Security (RLS) for controlled stakeholder access.
- **Market Analysis and Database Design:** Built and maintained a unified relational database for monthly export data-including quantity, value, destination, and port-using SQL and Python to support consistent commercial reporting and market analysis.
- **Power BI Dashboards:** Designed interactive dashboards to monitor exported quantity, export value in USD and EGP, average price per ton, and MoM and YoY growth, giving stakeholders a consolidated view of export performance.
- **Executive Reporting:** Prepared scheduled Excel and Power BI reports covering price trends, market share, and exporter performance for senior leadership.
- **New Market Feasibility Studies:** Conducted market-entry assessments for Africa and Central Asia using GlobalWITS, Veritrade, and customs data; evaluated demand, competition, pricing, and routes to recommend competitive pricing and entry plans.
- **CRM and Customer Analytics:** Cleaned, integrated, and segmented CRM data; classified customers by purchase volume and order cycle.
- **Export Logistics Analysis:** Coordinated with operations and planning teams on shipment schedules and deliveries while analyzing shipping and storage costs.
- **Cross-Functional Collaboration:** Led weekly meetings with marketing, operations, and planning teams to prioritize analytics work and deliver tailored solutions.

Data Analyst | Hayah Laboratories - *Cairo, Egypt* *September 2024 - August 2025*

Hayah Laboratories is an Egyptian dermo-cosmetics and skincare company specializing in marketing, sales, and nationwide distribution.

- **Sales Analytics and Power BI:** Analyzed sales performance and built interactive dashboards for KPI and trend monitoring to support sales decisions.
- **Reporting Automation:** Developed VBA and Python workflows to automate sales reporting, invoice aggregation, data cleaning, and Google Sheets processes, reducing manual work and errors.
- **Database Development:** Developed relational databases and optimized SQL queries to improve reporting efficiency and accuracy.
- **Sales Buzz System Management:** Led system implementation and trained cross-functional teams on its features and use.
- **Fraud Detection and Controls:** Identified fraudulent orders and potential security risks, helping prevent avoidable losses and strengthen order controls.
- **Agile Delivery:** Applied Scrum practices and Trello to manage analytics workflows and project execution.

Internship Experience

Data Analyst Intern | NeuronetiX - *Remote* *July 2024 – September 2024*

- Completed end-to-end data analysis workflows using Excel, Python, and Power BI, covering data collection, cleaning, visualization, reporting, and collaboration with technical and business teams.

Projects

Freelance Client Work
